WATER VALVE LEAK DISCOVERED IN KING JAMES SUBDIVISION *Water Temporarily Cut Off For Repairs*

IMPORTANT NOTICE: There is a leak at the valve feeding the King James Subdivision on Old Mobile Hwy. We will have to shut off the water supply to the entire neighborhood including area businesses to make necessary repairs. We are scheduling repairs for Thursday 1/24/19 from 8:00AM until 1:00PM. Door ringers will be put out today.

We anticipate a boil water notice following the repair. Impacted homes and businesses should look for yard signs with updates. Attached is a map of the area affected.

We apologize for the inconvenience and thank you for your cooperation as we work to repair the leak and restore water to the neighborhood.
