## **Newton promoted to Lieutenant with Pascagoula Fire Department**

*PASCAGOULA* – Pat Newton has been promoted to Lieutenant with the Pascagoula Fire Department. The hire was recommended by Fire Chief Hyler Krebs and approved by Acting City Manager Frank Corder.

Newton began his career with the Pascagoula Fire Department in 2005 as a Firefighter and EMT.

“Lieutenant Newton has proven to be an asset to our department during his service in Pascagoula,” Chief Krebs said. “His knowledge of our operations here at the department and his good working relationship with the firemen will translate well into this new role. I know Lieutenant Newton will bring energy to this position and help us continue to provide the superior level of service we expect from our department.”

“It’s always good to be able to see advancement within the ranks that has been earned through service and professional growth,” Acting City Manager Corder said. “I am confident new Lieutenant Newton will continue to serve Pascagoula well and be a valuable member of our Fire Department under Chief Krebs’ leadership for many years to come.”
