

**RESOLUTION OF THE CITY COUNCIL OF PASCAGOULA, MISSISSIPPI  
APPROVING PHASE 2 ENVIRONMENTAL SITE ASSESSMENT ON THE EAST SIDE  
OF MARKET STREET AND INGALLS AVENUE**

**WHEREAS**, on August 24, 2021 Overstreet & Associates submitted a request to the Mississippi Development Authority to allow them to use project underruns in different project line items to have Larson Environmental, LLC perform a Phase 2 Environmental Site Assessment on the East Side of Market Street and Ingalls Avenue; and

**WHEREAS**, this request from Overstreet & Associates was made because a previous Phase 1 Environmental Site Assessment report noted that any subsurface work at the eastern side of the Market Street intersection and continuing east along Ingalls until the drainage ditch may encounter detectable levels of contaminants from a former service station and a former dry cleaner; and

**WHEREAS**, to ensure we adhere to proper environmental mitigation procedures for this project we shall need to conduct a Phase 2 Environmental Site Assessment on the East Side of Market Street and Ingalls Avenue; and

**WHEREAS**, it is recommended that we have Larson Environmental, LLC perform a Phase 2 Environmental Site Assessment for a total not to exceed cost of \$9,200.00.

**NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:**

**SECTION 1.** That the City Council of Pascagoula, Mississippi hereby approve the proposal by Larson Environmental, LLC to perform a Phase 2 Environmental Site Assessment for a total not to exceed cost of \$9,200.00.

The motion to approve the foregoing resolution was made by \_\_\_\_\_
