

City of Pascagoula ARPA Project Information Sheet

Project Name: 12" Water Main Crossing Highway 90 and Hospital Road

Project Description: The project consists of the installation of a 12" waterline, via directional bore, on Hospital Road crossing Highway 90 in Pascagoula, MS. The proposed 12" waterline would be tied into the existing water distribution systems on the north and south side of Highway.

Project Justification: The installation of a 12" waterline crossing Highway 90 at this location would provide a loop in the distribution system, increasing the available flow in the area and providing redundancy in the system. The project will provide more effective fire flows, as well as improve isolation capabilities in the affected areas.

Project Cost: The estimated construction cost for the proposed improvements in this project is **\$800,000.00**. The proposed cost sharing structure is as follows:

- City of Pascagoula Share: \$200,000.00
- Jackson County Share: \$200,000.00
- MCWI Grant Program Share: \$400,000.00
