

## City of Pascagoula ARPA Project Information Sheet

Project Name: Miscellaneous Sewer Main Replacement

Project Description: The project consists of the replacement of sewer mains throughout the Pascagoula sewage collection system. Sewer main to be replaced include the mains serving Highway 90, Amonett Street, Polk Avenue, Old Mobile Avenue, Eden Street, Dupont Street, and Bates Street.

Project Justification: The existing sewer mains outlined included in the project to be replaced are deteriorated and failing. Many of the existing mains are vitrified clay sewer lines. Replacement of these mains would improve the overall effectiveness and efficiency of the system by reducing inflow and infiltration into the system. The project will also reduce the increasing maintenance costs related to the deteriorating system.

Project Cost: The estimated construction cost for the proposed improvements in this project is **\$1,800,000.00**. The proposed cost sharing structure is as follows:

- City of Pascagoula Share: \$450,000.00
- Jackson County Share: \$450,000.00
- MCWI Grant Program Share: \$900,000.00
