Pascagoula city buildings to reopen to the public

PASCAGOULA, Miss. – Pascagoula city buildings will reopen to the public on Monday May 18, 2020 at 8 a.m. with the exception of the Pascagoula Senior Center and the Fire Department.

The city is asking residents to continue practicing social distancing and to only come into city buildings when necessary. City Council meetings can be streamed on the City of Pascagoula Youtube page.

While citizens are encouraged to continue making payments online or via the drop box, the following safety measures will be taken at the Pascagoula Utilities Office for those who choose to come in:

- Only two citizens will be allowed in the building at a time.
- An employee will be at the front door to direct people in and out of the building.
- Citizens waiting to come in will be asked to stand in a line with tape markers six feet apart.
- Citizens are encouraged to wear a mask if entering the building.

We thank Pascagoula residents for their continued understanding and patience.
